

A. S. Industries

**Manufacturer & Supplier
Machinery Parts**

Company Profile

We are pleased to introduce ourselves as Manufacturer's, Trader & Suppliers for mechanical & Industrial machined & finished & semi finished components & machinery spare parts.

We make machinery parts like, gear, pulley, shaft, roller, trash plate, turn beam, pump, impeller, cy. Head, mill head, crown pinion, conveyor, screw conveyor, crane wheel, coupling, bush & pin etc and We have facility of patterns making for casting manufacturing.

We manufacture machinery parts through fabrication & castings like S.S Casting, M.S Casting, C.I. Castings, Bronze, Gunmetal & Aluminium Casting etc. We also Manufactures other machinery parts for various industries like Sugar mills, Paper mills, textile mills, cement plants & ceramics plants etc.

Manufacturing Process

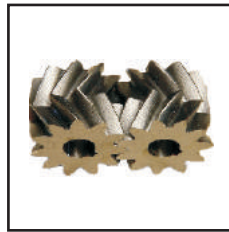

01. Patterns & castings : We have in-house pattern making facilities through skilled pattern makers which help us to produce good quality & accurate dimensions of castings.
We have skilled suppliers of various types of castings.

02. Machining:- We make finished components on lathe machine, V. M. C. & C. N. C. & boring machine, shaper machine, teeth cutting, Cylindericle grinder & drill machine etc.

03. Fabrication : we also fabrications S. S. Tanks, M. S. Tanks & other industrial fabrication works as per customer requirement.

PRODUCT

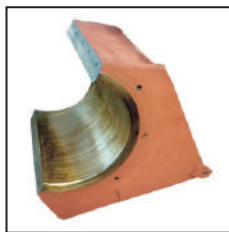

Gears

Pulley

Bearing Housing

Coupling

Roller & Shaft

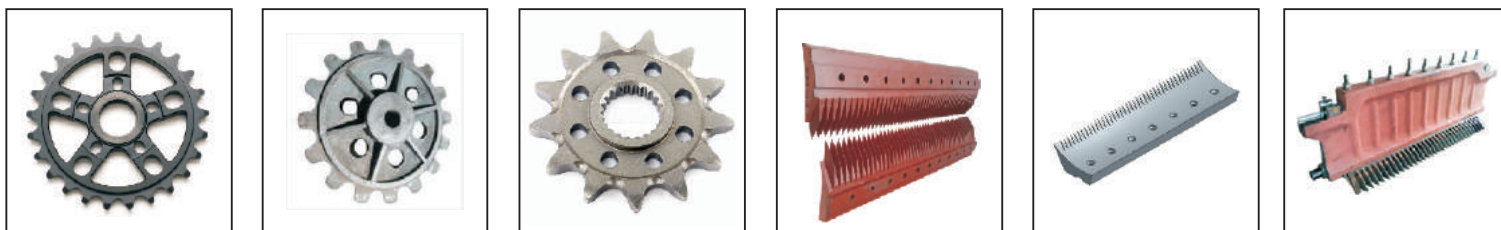

Bush

Crane wheel

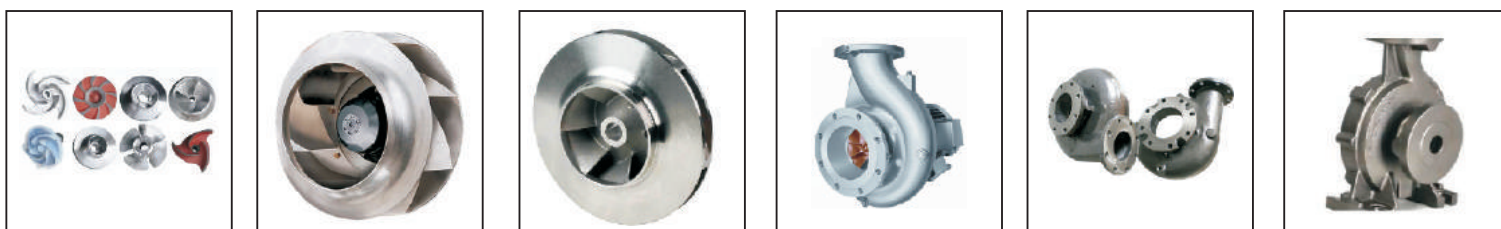

Sprocket & Trash Plate

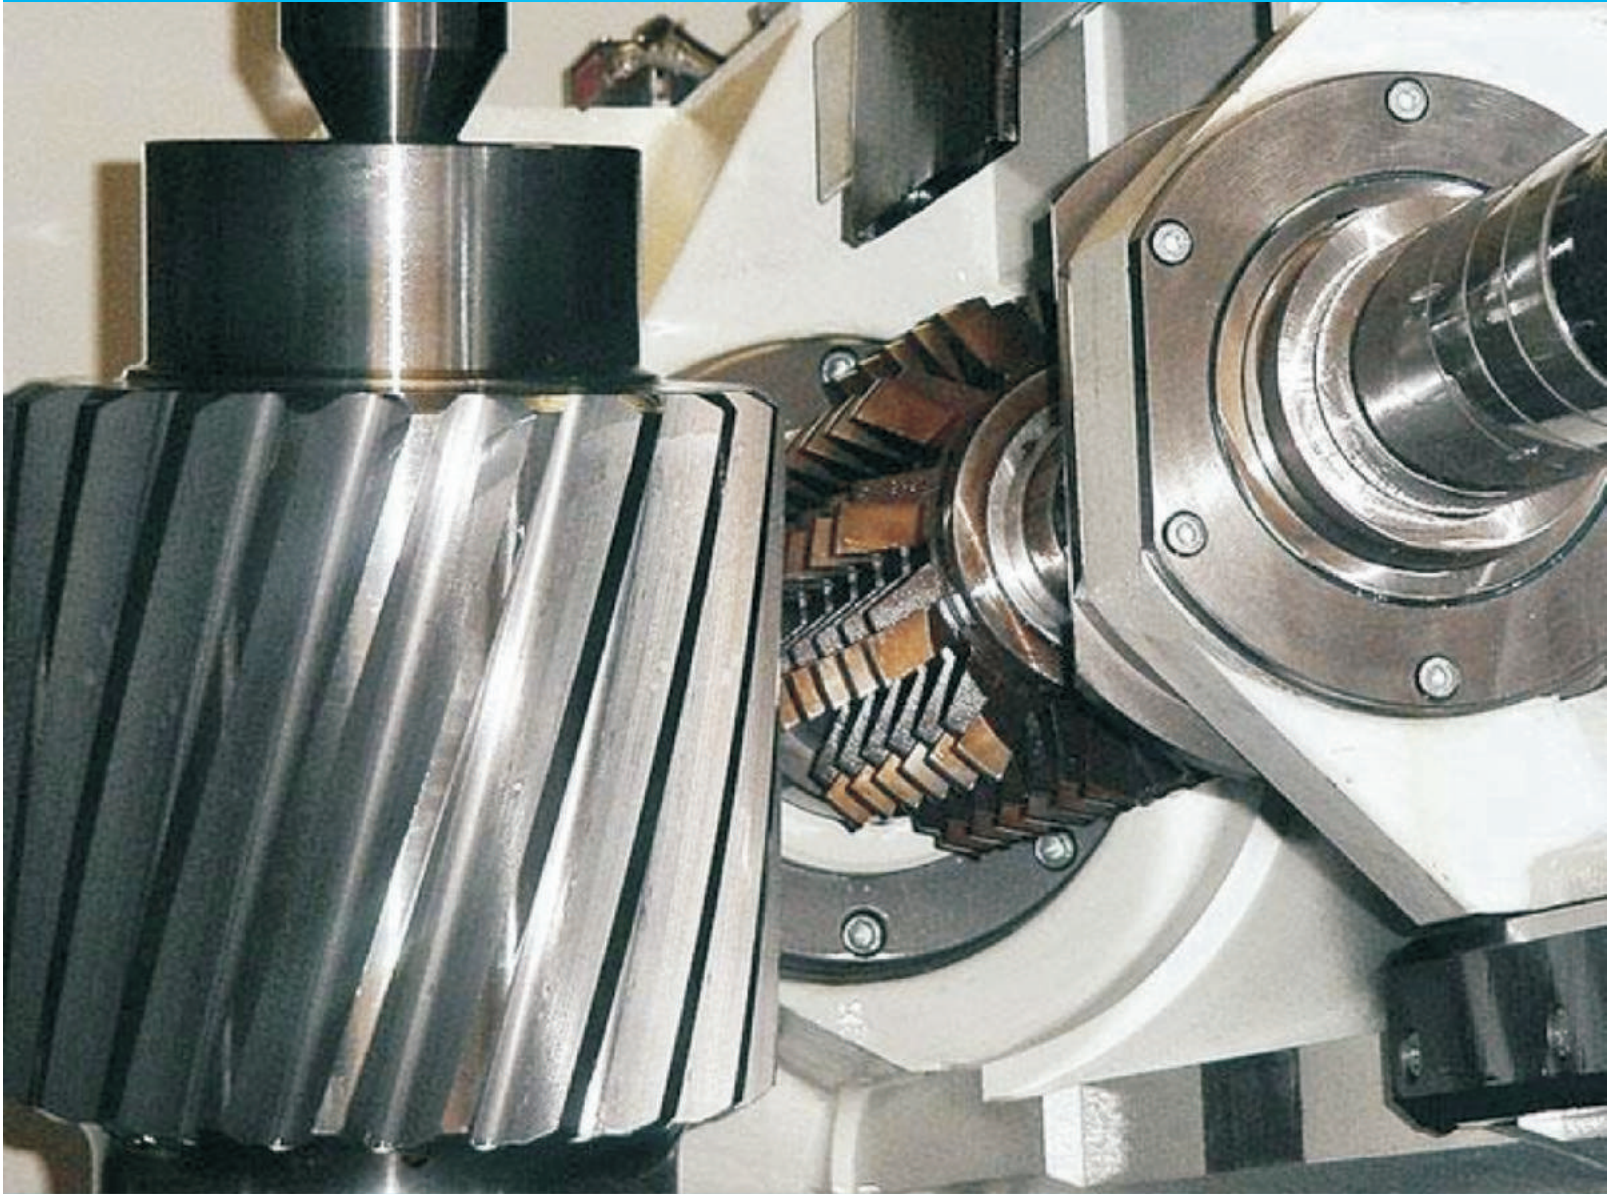

Screw Conveyor & Mill Head

Impeller & Pump
